

# MOHAMAD RAED

SOFTWARE DEVELOPER

## OBJECTIVE

Software Developer with a solid foundation in C, C++, Python, JavaScript, and Go. I possess full-stack expertise in React, Node.js, Next.js, and Tailwind CSS, alongside proficiency in MySQL and MongoDB. Currently pursuing a Bachelor of Engineering in Computer Science, I'm eager to apply my problem-solving, data analysis, and leadership skills to build innovative software solutions.

## EXPERIENCE

**Software Development Intern |**  
NIYANTHA - Udupi, India  
June 2025 - Current

**Software Developer Intern |**  
PRODIGY INFOTECH - Remote, India  
June 2024 - July 2024

## PROJECTS

### TourVistor: AI-Powered Travel Itinerary Creator:

This full-stack web application was developed using Node.js and TypeScript for the backend, with Tailwind CSS for a responsive user interface. It integrates Gemini AI to generate personalized travel itineraries for various countries, featuring Google Authentication for secure logins and Appwrite as the backend database for efficient data management, ultimately providing a seamless user experience for creating and managing travel plans.

### Expense Splitter Application:

Developed this full-stack expense management application utilizing HTML, CSS, JavaScript, and React.js for the frontend, alongside MySQL for the backend database. The application features an intuitive user interface designed to facilitate transparent and easy splitting of shared costs among friends and family, enhancing financial clarity in group settings.

### Data Analysis of Expense Sheet:

For this project, I conducted comprehensive data analysis on an expense sheet dataset. This involved identifying financial patterns and trends, generating detailed summaries, and creating visualizations, including average spending metrics, to provide actionable insights from the raw expense data.

## EDUCATION

**Bachelor of Engineering in Computer Science and Engineering |**  
NMAM Institute of Technology, Nitte  
Expected Graduation: 2026

**Pre-University Course (12th Grade): PCMC |**  
Vidyodaya PU College, Udupi  
Graduated: July 2021

**SSLC (10th Grade) |**  
SMS English Medium School, Brahmavar  
Graduated: May 2019

## SKILLS

**Programming Languages:** C, C++, Python, JavaScript, Go, TypeScript

**Web Technologies:** HTML5, CSS3, React.js, Node.js, Next.js, Tailwind CSS

**Database Management:** MySQL, MongoDB, Appwrite

**Soft Skills:** Problem-Solving, Data Analysis, Team Collaboration, Communication, Adaptability, Leadership

## CERTIFICATES

**Software Engineering Job Simulation |** Forage

**Foundations of Cybersecurity |** Coursera (Google)
